I just wanna talk can you give me a second,
You got it going on and I don't wanna let you thru
(You got me lose cause I never seen a girl with such a
style)
You not home that's my number can you give me a
digits
I see the ring but give me a minute
Girl
(See am not tryna west your time
But god damn girl you fine)
See I know how to treat a girl whose never been in real
love
But I know that
(You should be with me,
Should be with me)
I can treat you better
It dosent metter
It's enough now
It's your time to decide it.
(Get it showty
Get it
Am a switch that phone
Making life much better then before
Baby stop living in a movie
You don't even see who has a beauty)
(Get it showty
Get it
Am a switch that phone
Making life better then before)
It's all up to you
(You should be with me)

Did he ever say I love you girl
(Just to make you understand)
That is love is true
(Maybe)
No, it's just a fool
(Baby)
He don't treat you good at all
He just make you fall
When were you in a Friday night he don't even call you

out
And that's not ok
Cause you deserve a better relationship then this
He did good, and I did bad
You ain't this and you ain't that
Lady I ain't tryna spoke it up
Something about you makes me wanna talk it up
Let's go
(Get it showty get it
Get it showty get it
Get it showty get it)
Get it showty tonight
(Get it showty
Get it
Am a switch that phone
Making life much better then before
Baby stop living in a movie
You don't even see who has a beauty)
(Get it showty
Get it
Am a switch that phone
Making life better then before)
It's all up to you
(You should be with me)

Can I ask you a question all before what I understood
Or am too weak to even love you
I showed you one, I showed you respect
I even showed you one for your own boy left
Girl
Before you take off let me guarantee
That I will always be by your side
See I know that we went to a host time
And I know that we went in just some
Hard time

But I'll do everything just to get a chance
(Get it showty get it
Get it showty get it
Get it showty get it
Get it showty get it)
It's your time to decide
(Get it showty
Get it
Am a switch that phone
Making life much better then before
Baby stop living in a movie
You don't even see who has a beauty)
(Get it showty
Get it
Am a switch that phone

Making life better then before)
It's all up to you
(You should be with me)
