*Celebrate! Celebrate!

Every night's a good night

Celebrate! Celebrate!

What a groovy night

You wanna fly to the moon in the sky

You wanna ship up your body

Wonderland, I'll get you there

I know you'll never declare

Lookin' for a vision

You don't need to reason

Some say you gotta,

Some say you wanna be there

It's all good

*(Repeat)

Knocking on - heaven's door

Loveliness' serenade is all there

*(Repeat to fade)
