Door to door, Selling me your religion  
Confronting me like a fucking zombie  
Black shirt, white tie, brain washed till you die  
Fake dream, false hopes, religion is just one big lie  
(HEY, HEY, HEY, HEY)

[Chorus]

Jehovah's Witness knocking on my door  
Jehovah's witness gonna save us all  
Jehovah's witness knocking on my door  
Jehovah's witness aint gonna save shit!

Stay away, run and hide  
Religion is conformity

Catholic Christian, knocking on my door  
Cahtolic Christian, gonna save us all  
Catholic Christian, knocking on my door  
Catholic Christian, aint gonna save SHIT!
