Another day passes by, without you by my side
No I can't take this
And all my tears have turned to rust
Another lie will be crushed
No, I won't take this

Give me a chance to explain
Oh why the stars don't seem to shine the same
When you're not here with me
I promised you I'd stay, I lied again and walked away
I can't believe I did this no..

My lies are killing me, woah can't you see
This is who I want to be now
Oh and I wonder if you know,
If the truth would ever show,
Cause this is who I want to be now

No I don't know, what to do with myself anymore
Well I guess I'm useless now
I tried to do what's right, or to solve this without a fight
But no she won't take this no

My lies are killing me, woah can't you see
This is who I want to be now
Oh and I wonder if you know,
If the truth would ever show,
Cause this is who I want to be now

Not again, again x2
Won't you say those words again
No I don't mind, and I don't care, this is getting me
nowhere
And I won't stay, and I won't change
Cause this i who I want to be now

My lies are killing me, woah can't you see
This is who I want to be now
Oh and I wonder if you know,
If the truth would ever show,
Cause this is who I want to be now
