Hey look, I made you a song
Don't you worry, it won't take long
It just keeps on running on my mind, all day long
Hey look this is your song

Wait a second, don't get me wrong
Because I know sweet phrases won't get you back this
time
But I think it would be nice
Just by doing this tonight, I get a glimpse of your eyes

Refrain:

And I know that I can't call you mine already
I just want you to see

Chorus:

That I'm built to make you happy
And that's all I want you to be
I want to make things easy
I love you
But I have to set you free

Verse 2:

You might be wondering why I'm here
Hope the point of this song's clear
All I ever wanted is for you to be near

And I think it would be nice
Just by doing this tonight
I get to see your nice smile

Refrain:

And I know that I can't call you mine already
I just want you to see

Chorus:

That I'm built to make you happy
And that's all I want you to be
I want to make things easy

I love you
But I have to set you free

Bridge:
And if you ever, maybe, somehow change your mind
A little bit,
I'd gladly appreciate it
And if you ever find a little, little, little love inside
That's enough for me
I will accept it.
But if you think I'm just wasting my time
I'm sorry, I'm sorry
I was,
Carried Away...
