You the best, I ain't know that you can do it like that
You the best, I ain't know that you can do it like that
You the best, I ain't know that you can do it like that
You the best, I ain't know that you can do it like that
Do it like that, do it, do it like that
Do it like that, do it, do it like that
Do it like that, do it, do it like that
Do it like that, do it, do it like that

I ain't know that you can do it like that
I ain't never ever, ever seen an ass so fat
Do it, do it slow... make... make your hands touch your
ankles
Let me tell you I'm a fan girl
I just wanna, I just wanna be part of your fan club
Do you got a man girl, I can be your man cause
Ain't no other girl that can do any like you can girl

Like you... girl, was the plan girl
Let's pretend that, ain't nobody here girl
Oh bend it over, put your hands right in front of you
Finger in your mouth, let's bend out

You the best, I ain't know that you can do it like that
You the best, I ain't know that you can do it like that
You the best, I ain't know that you can do it like that
You the best, I ain't know that you can do it like that
Do it like that, do it, do it like that
Do it like that, do it, do it like that
Do it like that, do it, do it like that
Do it like that, do it, do it like that
Oh bend it over, put your hands right in front of you
Finger in your mouth, let's bend out

Little mama you're a teaser
All that... can I touch it, can I squeeze it
Trying to get you all alone so I can play... tweezers

You the best, I ain't know that you can do it like that
You the best, I ain't know that you can do it like that
You the best, I ain't know that you can do it like that
You the best, I ain't know that you can do it like that
Do it like that, do it, do it like that
Do it like that, do it, do it like that

Don't hurt nobody
Pocket full of money I'ma spend it on you
20, 50, 100's Shawty, what you gonna do...
Don't hurt nobody... I got all of this money

You the best, I ain't know that you can do it like that
You the best, I ain't know that you can do it like that

You the best, I ain't know that you can do it like that
Do it like that, do it, do it like that
Do it like that, do it, do it like that
Do it like that, do it, do it like that
