So you went up and down Bleecker Street
Walked it out again
Went to see all the flowers, all the beauty
That lovely Marc Jacobs ceiling
Victor and Rolf adorned dresses
You need flowers
I need flora

Big purple leaves
Pink flowerbeds
Botanic dreams
Coco corolla crown
You need flowers
I need flora

So you went out to buy jasmine, wine
Help you stop your Rhine
Feel like a queen in the rain, drowning drama
Sure you'll arrange them perfectly
You shoulda, woulda, coulda
You need flowers
I need flora

Oh what a woman
What a perfect hostess
This cocktail dress
Coco corolla crown
You need flowers
I need flora

Why not come and see me
Watch me walk right through
The doors of your heart

I am a western girl
Live in a western world
I stuff my world with things I really don't need
I am a mistress of inventing speed
Convincing myself that it's okay
I need things
I need flora

Go see doctors
Go on trips
Buy brand new couches
To couch our mother ships
And feel loved
And feel floral

So we need flowers in every room
We need Christmas stars shining
Night after night
So when we wake up and feel alone
Beauty will keep us safe
You need flowers
I need flora

Big purple vows
Pink cotton sugar
Melodramatic force
Coco corolla crown me
Flowers, flowers
I need flora

Why not come and see me
Watch me walk right through
The doors of your heart

Bloom bloom bloom
Delightful delphiniums
Sweetpeas of peace
Lilting lilies
Lively lilacs
Carnal carnations
Bloom bloom bloom
Roman rose, oh rise
Irish white iris arise
Hydrant hydrangeas
Buttery buttercups
Bloom bloom bloom
In my bosom

Why not come and see me
Watch me walk right through
The doors of your heart
