Oh solitude, I salute!
Scary nights and merry daylight
Oh solitude, my interlude
My sister moon sprite and brother so bright
Oh solitude, I salute you!
Grant my soul your altitude
Oh solitude, I salute you
You, you, you

A house made of glass
The sun is shining through
He heats the heart in every nook
Enlightens gloomy bends

A glass made of home
The wind is gusting in
He rustles up the sleepyheads
And feeds upon their bones

Oh solitude, I salute!
Scary nights and merry daylight
Oh solitude, my interlude
My sister moon sprite and brother so bright
Oh solitude, I salute you!
Grant my soul your altitude
Oh solitude, I salute you
You, you, you

A home made of pane
The night is at the door
She creeps upon the window screen
And leaks into my mind

A pane made of skin
The rain is drumming lead
She plays her part, I know the drill
It's helter-skelter well

A skin made of wind
With origami walls
The woody creaks, the willow squeaks

An eggshell 'round a soul

Oh solitude, I salute you!
