Ooh, yeah
(You are the one I want)

I've got something on my mind
I wanna show you, but you're blind, you just don't see
I say, wild ideas run through my head
Let's realise them, but instead you laughed at me

Girl, whenever you're around I just lose my self-control
When I lay my hands on you I just can't let you go

You're the one to be, sugar sweetie, just for me
Why don't you get ready and allow me to party?
All over your body, sugar sweetie, don't you see?
That I lost my self-control, I just can't let you go

(You are the one I want) Oh-oh
(You are the one I want) Yeah

There is something about you
That makes me crazy, makes me wild - what can I do?
The heat is on, why don't you see?
You got me beggin' on my knees - better set me free

Girl, whenever you're around I just lose my self-control
When I lay my hands on you I just can't let you go

'Cause you're the one to be, sugar sweetie, just for me
Why don't you get ready and allow me to party?
All over your body, sugar sweetie, don't you see?
That I lost my self-control, I just can't let you go

Well, you're the one to be, sugar sweetie, just for me
Why don't you get ready (And allow me to party?)
All over your body, sugar sweetie, don't you see?
That I lost my self-control and I just can't let you go

Girl whenever your around I just lose my self-control
When I lay my hands on you
(Just can't let you go, you're the one I want)
Baby, don't let go

(You're the one to be, sugar sweetie, just for me)
(Why don't you get ready and allow me to party?)
(All over your body, sugar sweetie, don't you see?) Baby, don't you see?
Yes, I lost my self control and I just can't let you go

No, you're the one to be, sugar sweetie, just for me
Why don't you get ready and allow me to party?
All over your body, sugar sweetie, don't you see?
That I lost my self control, I just can't let you go
(You are the one I want) You are the one I want
