(Ronnie Rogers/Mark Wright)

The day we met  
I'll never forget  
Was the luckiest of my life  
She took me so far  
And I broke her heart  
Now I'm sittin' here  
With the simple truth  
That tears me apart

Chorus:  
All I had goin' is gone  
The best I'll ever do  
Is over and done  
It serves me right  
'Cause I did her wrong  
Now all I had goin' is gone

Sometimes a man  
Just don't understand  
He possesses everything life can bring  
He thinks there's more  
So he has to explore  
Leavin' her alone  
Time after time  
Til she waked out my door

Now it serves me right  
She left me alone  
Now all I had goin' is gone
