Chorus

Used heart for sale

Scatched and dented but it runs real well

Like you a lot so I'll cut you a deal

Used heart for sale

First owner Peggy treated it rough

She took it over some rough roads

She skipped town when it broke down

She never paid off what she owed

Cindy picked up where Peggy left off

Whoa, how she made it shine

Soon after then some mutual friend

Robbed Miss Cindy blind

Took about every cent I had

To get it out of the hock

I spent the last month fixin it up

Now its rollin' off the blocks
