It's coming early on my bed it seems,
Nothing like getting lost in those dreams
It started with something and it happened so well,
if I wanted nothing, I never would tell

It was there on the beach that you took me
It was there when that feeling shook me
Cause I knew that I wanted it all but I could not go back
I won't go

We shared those views of the stadiums and vistas,
Nothing on the door to say that they missed us
It started with something and it happened so well,
if I wanted nothing, I never could tell

Cause I won't go back
Can't go back
Won't go back
Stay forever

Cold nights on couches in the back of your car
It's always so soothing
Wrapped up in blankets I'm wrapped in your arms
It's not for sure
Watch as the waves crash into the shore
And drift away
