Come to me now  
I will host you  
I'm the alchemist of our times  
I know exactly what you need  
You've climbed so high  
You've gone so far  
So you deserve something special

Come to me now  
I will cure your soul  
I'm the savior of our times  
I know exactly what it needs

So I control my body  
Mental state  
Unable to slow down

Before the final dusk appears  
I must do more than this  
It's the only way to make it through  
In these hyperactive times  
It's my obsession!  
Obsession... [x3]

Doggedly  
At any cost  
Obstinately

More and more  
Can't allow myself to stop  
The ice broke  
I'll never give up  
Again... [x3]

Hi, it has been a while since last time  
I was certain I could live without  
All those private talks I couldn't stand  
But now the truth is  
You're the best friend I have...
