Oh the nightingale, was singing along,  
On down the road x2  
Oh the nightingale, was singing along  
With me down the road x2

Thought I heard her say, that you're almost there,  
Lord I can pray but I will not swear  
Lord I will not swear!

One, two, three

This is the Traveling song,  
Take it with me where I go,  
Who says my love has gone?  
It gets me through the days and nights! x2

And I'm a fool, for sticking around,  
Throw off these chains, cause I'm lost and found,  
Oh the nightingale was singing along  
With me down the road, with me down the road.
