She's goddamn beautiful, sitting in my sight, glaring
her looks, fucking up my lines
With lips that scream you'd better come talk to me,
And eyes that are glaring you'll never get close to here

She's got looks to kill, but it's mind over matter
She's taking me in, as I'm getting sober
Her cute lips, her blue eyes, whispering her sweet lies
To my ears on the bathroom floor

I'm dying to grow up and let you down

I'm walking down the street without any clothes
And it gets hard damn to breathe when you're mouth's
burning cold
Just wanted one taste, just pour it down my throat
She's what I dream about in my bed all alone

Stumble and fall until you crawl
Cause no one's picking up or returning my calls
I'm so left behind I'm so strung out
And I can't even tell when the lights go out
