Iâ€™ve been better but itâ€™s time to deliver
Step up it another notch try to reconsider
Believe it baby, surely feeling ready tonight

Believe it baby, my handsâ€™ more than steady
Touches just right, Iâ€™m only getting ready
To blow you away tonight

Break the gates down tonight
Let the water pour out
Break the silence tonight
Let the voices sing out
I wanna get cut up with you,
I wanna get cut up with you tonight
I wanna get cut up with you tonight cause
Iâ€™ve been better and itâ€™s time to deliver
Tonight, tonight

Youâ€™ve been better, but itâ€™s life I deliver
Step back up another step just try to be a winner
Believe it baby Iâ€™m gone when youâ€™re ready tonight

Another life late And Iâ€™m still waiting
I shoulda left later and start at the ending
The stars are sharper than your tongue tonight
