it's October 31st  
and I am eastward-bound  
this year I though I'd go to Dracula's town  
tired of those same old fools  
those harmless ghosts and ghouls  
this year it's something new  
something better than 'boo'

I'm not afraid of Dracula  
he should be afraid of me  
if he thought I could be dinner  
boy he would see  
I would put up a fight  
wouldn't even get a bite  
if he tried to suck my blood  
I would say "uh uh uh uh uh...  
...uh uh uh uh Dracula"

the sun is setting low  
the train is rearing near  
I know I should but I don't even feel one bit of fear  
if he looked me in the eye  
I wouldn't dare to cry  
I would just lift my chin  
I would say "sink your teeth right in"  
I ain't no ditzzy broad  
you can't call me a fraud  
I'm a girl of 22  
there is nothing I cannot do...  
...ooh ooh ooh ooh nothing I can't do

so let's get one thing straight  
I don't do well as bait  
so if you want a taste  
then baby don't you hesitate  
it's a matter of thirst  
whoever wants it worse  
so act quick or I will bite you first...  
...uh uh uh uh Dracula
