You must be tired cause you running through my mind  
all day  
hey beautiful can you bring your body my way  
do you believe in love.....  
i feel like heaven messed up and just lost an angel

i cant deny the feelings inside  
its takin over me  
so ill take a chance to be a man  
and tell you how i feel

ooh  
if i said ur body's beautiful  
like a dozen of the finest roses  
if i said ur lips r incredible  
moving up and down the floor

would you hold it against me, against me  
hold it against me, against me  
would you hold it against me, against me  
hold it against me, against me  
baby hold it against me

n girl i love it when love it when we touch (x2)

you make me feel like i should get down on my knees  
and pray  
cause a girl like you is got to be a miracle  
so father please forgive me sometimes i get carried  
away  
if u were in my shoes ud probably do the same

i cant deny the feelings inside  
its takin over me  
so ill take a chance to be a man  
and tell you how i feel

ooh  
if i said ur body's beautiful  
like a dozen of the finest roses

if i said ur lips r incredible  
moving up and down the floor

would you hold it against me, against me  
hold it against me, against me  
would you hold it against me, against me  
hold it against me, against me  
baby hold it against me

n girl i love it when love it when we touch (x2)

i cant deny the feelings inside  
its takin over me  
i cant deny the feelings inside

i cant deny the feelings inside  
its takin over me (x2)

if i said ur body's beautiful  
like a dozen of the finest roses  
if i said ur lips r incredible  
moving up and down the floor

would you hold it against me, against me  
hold it against me, against me  
would you hold it against me, against me  
hold it against me, against me  
baby hold it against me
