The light went out tonight,  
the light went out tonight,  
the light went out tonight in the world,  
the light went out tonight,  
the light went out tonight,  
the lights went out tonight in the world.

Rest in peace michael.

Sitting here cant believe that your gone, just yesterday  
listening to off the wall, such a tragedy, you meant the  
world to me, feels like a part of me is dead and gone.  
Though it hurts deep down inside, your music is still  
alive, I keep trying to fight my tears, but its time i let it  
pour.

The light went out tonight,  
the light went out tonight,  
the light went out tonight in the world,  
the light went out tonight,  
the light went out tonight,  
the lights went out tonight in the world.

How can i heal the world of so much pain and hurt, how  
can i tell the sun to shine away this day, so much more  
to give, feels like you've just begun, and the world  
feels a little darker, ill see you in the life after..

The light went out tonight,  
the light went out tonight,  
the light went out tonight in the world,  
the light went out tonight,  
the light went out tonight,  
the lights went out tonight in the world.
