Youâ€™  
I'll spend my life loving you  
Reaching for an eternal place  
All I want to see and know  
Is you  
You love me right from your heart  
You took me in right where I was at  
In spite of my lack  
Of truth and belief  
A state of grief  
Is where you found me  
Howâ€™  
Can I thank you enough  
Can I show it through  
The things I say and do  
Now I am stronger each day  
With a faith that has grown  
Through your love  
I was shown  
Here am I  
Looking over times past  
Don't know who's  
That stranger I've been  
I'm born again  
And life began with you  
You're every breath  
That I take  
And every song  
That I will compose  
Each seed I will sow  
And all good things I do  
Under the sun  
Because you are there  
Howâ€™

Can I thank you enough  
Can I show it through  
The things I say and do  
Now I am stronger each day  
With a faith that has grown  
Through your love  
I was shown  
How can I thank You enough  
Can I show it through  
The things I say and do  
Now I am stronger each day  
With a faith that has grown  
Through Your love  
I was shown  
All these feelings inside  
All my love, I can't hide

(Music Interlude)

How can I thank You enough  
Can I show it through  
The things I say and do  
Now I am stronger each day  
With a faith that has grown  
Through Your love  
I was shown  
All these feelings inside  
All my love, I can't hide  
Ooo...

Can I thank You enough  
Can I show it through  
The things I say and do  
Now I am stronger each day  
With a faith that has grown  
Through Your love  
I was shown  
All these feelings inside  
All my love, I can't hide
