h2>Big Brother Is Watching You
by Mose Allison

Just let me give you some good advice
Don't get caught in the same trap twice
Every little thing you do
Big Brother Is Watching You

Don't put your business on the telephone
Don't go out and get well known
I could be your Waterloo
Big Brother Is Watching You

Don't tell nobody when your having fun
Easy, walk don't run
Careful who you're talking to
Big Brother Is Watching You

Don't say nothing bad about a C. E. O.
When the money whistles, do see do
I only tell cause it's true
Big Brother Is Watching You

(As sung by Georgie Fame
