I've taken it through, I've taken it in stride
The feelings I can't show are the ones I can't hide
But they say if sorrow cuts through your heart
Until you think it's going to tear you apart
Or I'll join your heart in the daze
To fill this space I erased

(Refrain)

So I close my mind to the pain
To find shelter from the pouring rain
And I close my mind to the pain
To find shelter from the pouring rain
And your with I am entwined
I'm lost to the thoughts that you left behind
Until you come around again (2x)

I'm waiting for your return
I'm waiting while the candles burn
I'm waiting for the hour to pass me
To know how long I could last
You see I'm, I'm awf'ly good today
And salvation has it's price
So I'm holding out with my fingers crossed
Until this love turns to ice

(Repeat Refrain)

Until you come around again (4x)
