Now, don't be fooled by the cute little dimples,  
Angel voice in the long choir robe  
The way her daddy's wrapped around her finger  
And the pretty pink paint on her toes

Don't matter if she comes from the country  
Or living that uptown life  
On the surface, we're all so different  
But underneath, we're all alike

All girls are crazy  
Always been that way, ain't just lately  
Sure as the sun in the morning,  
Steady as the stars at night  
From the full grown down to the babies  
All girls are crazy

Yeah, we're a little bit moody  
Sweet to mean for better or worse  
One minute, we love you like the devil  
And the next, we kick you to the curb

But boys, don't you love adventure  
The rush and the thrill of the chase  
And wouldn't it be boring if all the female were sane  
But we ain't

All girls are crazy  
Always been that way, ain't just lately  
Sure as the sun in the morning,  
Steady as the stars at night  
From the full grown down to the babies  
All girls, all girls are crazy

We're hot, we're cold, too skinny, too fat  
On top of the world, we're fightin' mad  
We're crazy in love, crazy in the head  
The crazier we are, the crazier in bed

What!

All girls are crazy  
Always been that way, ain't just lately  
Sure as the sun in the morning,  
Steady as the stars at night  
From the full grown down to the babies  
All girls, all girls,

All girls, all girls  
That's right  
All girls, all girls are crazy
