Here I am  
Giving you my light  
Here I am  
Giving you tonight

Light from your darkness  
Light through your sadness

Here I am  
Guiding you tonight  
Here I am  
With all my might

Giving light through your sadness  
Giving light through your loneliness  
Don't be afraid of the dark  
The light is in your heart

Let your heart shine and light up the world  
Leave far behind what worries you more  
Belive in your heart  
Reach in your heart, tonight

Let your heart shine and light up the world  
Leave far behind what worries you more  
Belive in your heart  
Reach in your heart, tonight

Here I'm am  
You can count on me  
Here I am  
Your not alone you see

Light through your sadness  
Light through your loneliness  
Don't be afraid of the dark  
The light is in your heart

Let your heart shine and light up the world  
Leave far behind what worries you most  
Belive in your heart

Reach in your heart, tonight

Let your heart shine and light up the world

Leave far behind what worries you more

Belive in your heart

Reach in your heart, tonight

Belive in your heart

Reach in your heart, tonight
