Start that track
Yeah
Hey RJ, you ready?
Ohh
Yeah yo
Ooo yeah yeah

Only when I stop to take a breath
Only every time I take a step
That's the only time I grow to love you even more
Everytime I think I'm sure I know
Our love has gone as deep as it can go
Suddenly the feeling gets much stronger than before

You're my reason why
You're my living stream in a desert dry
And you can believe me
If you ever ask me to
There's nothing in this world I wouldn't do
Like giving You the best of me

I don't wanna give you half a heart
I don't wanna hold back any part)
Oh of my devotion
Oh oh
I don't wanna turn and walk away
Cause I wanna walk with you each day
Day by day
Loving you in slow emotion

I just wanna take my own sweet time
Spending every moment of my life
Discovering the mystery of everything you are
This is not a temporary thing
I'm saying you can always count me in
And if you ever call me there's no road that's too far

You're my dreaming place
Just the thought of you
It carries me away
And I see forever
You're the arms I fall into

There's nothing in this world I wouldn't do

Just to know you better

I don't wanna give you half a heart
I don't wanna hold back any part
Oh of my devotion
Oh oh
I don't wanna turn and walk away
Cause I wanna walk with you each day
Day by day
Loving you in slow emotion

Let's be real for a second
See there's so many times
That I've taken your love for granted
It's hard work for us to grow the seed that we planted
I pick up the pieces
Of the past and present problems
You have perfectly placed in my path
To help me solve them
I can't even try to lie
Like I ain't blown away
I guess it's just a simple fact
And now I know today I'm tired of playing games with
my devotion
I just wanna press rewind and play it back in slow
emotion

I don't wanna give you half a heart
I'm never gonna turn
I don't wanna turn and walk away
Cause I wanna walk with you each day
Loving you in slow emotion

I don't wanna give you half a heart
I don't wanna hold back any part
Oh of my devotion
Oh oh
I don't wanna turn and walk away
Cause I wanna walk with you each day
Day by day
Loving you in slow emotion

Ooo yeah yeah
