We changed the name of this song personally,
and it's going out to schlum 'cause he's a great dude.

Drink Positive

Drink.

Think I care what is happening?

Sure I do, but I'm still laughing.

World problems? We All Care.

But has all this rage got us anywhere?

No!

Keep a grin.

Drink! Drink Positive.

Sure, we'll sing about all our crying,

Unnecessary deaths and violence.

Do you think your negative attitude

Is gonna give a starving man

A plate full of food?

No!

Keep a grin.

Drink! Drink Positive!

Keep Laughing!

Keep Laughing!

Hahaha.

Keep a grin.

Drink! Drink Positive!

Keep Laughing!

Keep Laughing!

Hahaha.

Sure, we'll sing about all our crying,

Unnecessary deaths and violence.

Do you think your negative attitude,

Is gonna give a thirsty man,

A cup full of booze?

No!

Aww, shit.
