"Love To Hate"

All these people in the world,
They say their price for you.
You may think that you're a leader,
'Cause you made some rules.
You really love!
Love to hate,
Love to take,
From us!
You can't believe,
That you're downfall,
Will be caused,
By us!
Time will come when all is lost,
And we will be the same.
No more power, money or welfare,
No more political games.
You really love!
Love to hate,
Love to take,
From us!
You can't believe,
That you're downfall,
Will be caused,
By us!
You really love!
Love to hate,
Love to take,
From us!
You can't believe,
That you're downfall,
Will be caused,
By us!
