The government here did the best they could, Back in the days when it was good. Political Destruction since the beginning of time, Soon the dollar won't be worth a dime. Political Destruction, we've gone downhill. Political Destruction, we're all gonna die. The government here did the best they could, Back in the days when it was good. Political Destruction since the beginning of time, Soon the dollar won't be worth a dime. Political Destruction, we've gone downhill. Political Destruction, we're all gonna die!
