Hey baby can I tell you
About something
I think we should do
Where it would just
Be us two
Having lots of fun

(Chorus)
It would be
You and me baby
In the front seat
Of my pickup truck
Going top speed
Talkin bout the things
You would do to me
When we got alone
And I'd say
Hey baby you know you look good
With that light shining on you
Off my hood
You're like an angel from heaven
Being bad as hell
And if we get in trouble
I'll just say oh well
Cause baby I love you
Do you love me too

Now baby can I ask you
How does that sound
Is it good, is it bad
Is it spinning you round
Just thinkin about
How good it would be
Spending time alone
Just you and me

(Chorus)
It would be
You and me baby
In the front seat
Of my pickup truck

Going top speed
Talkin bout the things
You would do to me
When we got alone
And I'd say
Hey baby you know you look good
With that light shining on you
Off my hood
You're like an angel from heaven
Being bad as hell
And if we get in trouble
I'll just say oh well
Cause baby I love you
Do you love me too

Well baby that would be
The time of my life
I've played it in my head
Bout a hundred times
I just can't get it
Off my mind
And baby I'm about
To cross the line

(Chorus)
It's about to be
You and me baby
In the front seat
Of my pickup truck
Going top speed
Talkin bout the things
You would do to me
When we got alone
And I'd say
Hey baby you know you look good
With that light shining on you
Off my hood
You're like an angel from heaven
Being bad as hell
And if we get in trouble
I'll just say oh well
Cause baby I love you
And I know this love is true
Oh baby I love you
Do you love me too
