What if I told you that
My heart beats is little more when you're around
It's like I gotta have you near me girl
What I gotta do to make sure you stay down

I do anything possible
To make sure you're mine, securing you in my life

Baby I will walk a million miles
Nothing it's to far for me to get to you
How can I prov my love
It's so far about, anything else you never knew
I will walked a million miles

Here is all of me
Anesly there is nothing that a wouldn't do
All I have is yours, if you want
I will give my life to have a day with you

I do anything possible
To make sure you're mine, securing you in my life
Tell me where you been, I be there again n again
Just so I can see you smile
Don't you know?

Baby I will walk a million miles
Nothing it's to far for me to get to you
How can I prove my love
It's so far about
That anything else that you never knew
I walk a million miles

You know that
Nothing can keep me away from you
Know that, there is nothing I wouldn't do
Take my heart in your hands I givin'
Why can't you understand?

I will walk a million

Baby I will walked million miles

Nothing it's to far for me to get to you

How can I prove my love

It's so far about,

That anything else you never knew

I walk a million miles
