Sometimes I be acting all crazy  
You know me my moves  
I don't mean to hurt you baby, speaking for all the other  
dudes  
When I say I don't mean that, please believe that  
From the bottom of my heart  
Cause when I see you cry girl, no €! girl  
It just breaks me apart  
So I'm saying  
Baby, I'm sorry, baby, forgive me  
Baby, I was wrong,  
Girl I know you don't deserve  
How I make you hurt,  
So I had to go and find the words  
So I say  
Baby, I'm sorry, baby, forgive me  
Baby, I was wrong,  
Baby, I need you to understand, I do the best I can  
I'm trying to do better yes I am, baby

Could of bought you €! thought about buying new  
shoes  
But girl then I realized truthfully on a regular that's  
what I do  
And all the times I be bugging over nothing  
Got anything to do with you  
Cause it's always your loving I can trust in  
You make everything cool so I'm saying

Baby, I'm sorry, baby, forgive me  
Baby, I was wrong,  
Girl I know you don't deserve  
How I make you hurt,  
So I had to go and find the words  
So I say  
Baby, I'm sorry, baby, forgive me  
Baby, I was wrong,  
Baby, I need you to understand, I do the best I can  
I'm trying to do better yes I am,

Oh if you got a girl and you had a fight

And you wanna make it right  
Say, I'm sorry girl, forgive me love  
What can I do to make it up  
Oh, if you got a girl and you had a fight  
And you wanna make it right  
Say, I'm sorry girl, forgive me love  
What can I do to make it up  
All I can say is  
Baby, I'm sorry, baby, forgive me  
Baby, I was wrong,  
Girl I know you don't deserve  
How I make you hurt,  
So I had to go and find the words  
So I say  
Baby, I'm sorry, baby, forgive me  
Baby, I was wrong,  
Baby, I need you to understand, I do the best I can  
I'm trying to do better yes I am,  
Oh, baby, say you'll always be mine  
Baby, say you'll always be mine  
Baby, say you'll stay right here and be my  
Baby, oh you gotta know I'm sorry  
Baby, oh won't you forgive me  
Baby, you gotta know I love you.
