Yeah!

You say you want me to stay tonight
But girl when I say can if this is what you want
And Iâ€™ll be here with you
Iâ€™ll do whatever you want me to do
Iâ€™ll do, itâ€™s my priority!

Chorus:

I donâ€™t need to go to the club,
Everything I need is right here with us
Just say the word and itâ€™s nothing to discuss
So love, if you want we can be booâ€™d up
You and me could be booâ€™d up
Just as me and you,
Oh if attention is what you need
We could be booâ€™d up!

I had plans with my friends
But damn, everything changed the moment you walked
in!
No shirt, no pants, onlyâ€¦ glance
And baby I didnâ€™t stand a chance!
Still ainâ€™t the man who could pass up babe, just...

Chorus:

I donâ€™t need to go to the club,
Everything I need is right here with us
Just say the word and itâ€™s nothing to discuss
So love, if you want we can be booâ€™d up
You and me could be booâ€™d up
Just as me and you,
Oh if attention is what you need
We could be booâ€™d up!

What you need? Put a finger on it, I can buy you love
Count on me to make you feel the buzz,
Itâ€™s like Iâ€™m high on drugs
Coco weed, theyâ€™re on ecstasy, no need to find a plug
What you need? I could give it to you, how you want it
done?
â€¦ itâ€™s true love, we donâ€™t know if itâ€™s true love

It feels like, let me slow it down, Iâ€™m saying too much!
Damn!
Let me slow down it, Iâ€™m saying too much!
I could upgrade you, put you in the...
The mother language canâ€™t do much!
Just me and my girl, sheâ€™d be ready for whatever
If moneyâ€™s what you need, I can get you that
whenever
Attention is the key, cause I know you like that better
Put everything on me, we can feel like this forever!

Chorus: (x2)

I donâ€™t need to go to the club,
Everything I need is right here with us
Just say the word and itâ€™s nothing to discuss
So love, if you want we can be booâ€™d up
You and me could be booâ€™d up
Just as me and you,
Oh if attention is what you need
We could be booâ€™d up!
