I Never Felt This Way Before In My Life
But When I Meet You Girl Everything Feels So Right
(Is You, All I Think About Is You)
And Girl When I See You My Heart Just Stops
I Start Smilin' Like A Kid In A Candyshop
I Get Nervous (I Get Nervous)
I Get Weird (I Get Weird)
My Mouth Opens But I Can Hardly Speak
(I Think)

I Think I Love You
I, I, I Can't Get You Of My Mind
I Think I Love You
I, I, I Think About You All The Time
Cause When I Met You I Knew
I Had To Get You
Yeah Girl It's True

And I Think I Love You!
