She saw in me, I'm looking at her
That's why because, she's looking better
I wanna know her, what's her name, what's she like,
what she drank
She's screaming like she really wants a piece of me
I'm feeling like she really wanna leaving me
But every time I get a little closer, you keep on coming
over
Acting like you know her, if that's your girl you better
get her
If that ya girl you better get her X 2
If that ya girl
So you keep arguing me, about I'm trying to me
If that ya girl you better get her X 2
If that ya girl

I don't really want trouble or pain make it â€¦
If that ya girl

I try and look away but everything stop
Cause the way â€¦ a whole lot
She tries to move a little to get my attention
But just gotta get the rhythm, just don't want youâ€¦ it

She's screaming like she really wants a piece of me
I'm feeling like she really wanna leaving me

She all about it, I know she bought it
But â€¦ just tell me something

If that ya girl you better get her X 2
So you keep arguing me, about I'm trying to me, so I
just gotta see
If that ya girl you better get her X 2

I don't really want trouble and pain
â€¦make it â€¦
If that ya girl
You could be someone's girl, maybe momma or even
named wife
And I don't wanna have to find somebody,

We just met tonight
And I'm the one that disrespect someone else'
relationship
So if it is, â€¦ and let me know

If that ya girl X 4
If that ya girl you better get her X 2
So you keep arguing me, about I'm trying to me, but
you just gotta see
If that ya girl you better get her X 2
I don't need no harm
â€¦
I want no womanâ€¦
If that ya girl X 4
