Don't you know

Let me be the one to make you happy
I don't wanna be that other guy
Whenever your really just?
If you want someone to treat you right

Ima bet youve been through
Times is hard
I can be your hearts security guard

I can be your security
Girl your heart will be safe with me
Under maximum security
You're safe with me

Don't you know you're safe with me

I need you to belive that I'll protect you
And I promise I'll never let you down
And I'll never let another disrespect you
No matter what I'll always stick down

Ima bet youve been through
Times is hard
I can be your hearts security guard

I can be your security
Girl your heart will be safe with me
Under maximum security
You're safe with me

Don't you know you're safe with me

If you're unsure of love
Then I'll give you more of love from me
You've got to learn to trust and believe in me
And see that I'm what you need baby

Ima bet youve been through
Times is hard

I can be your hearts security guard

I can be your security
Girl your heart will be safe with me
Under maximum security
You're safe with me

Don't you know you're safe with me
