Ohh..  
Since you've been gone  
Motion picture music baby  
Yeah..

Lying in the bed we shared, crying cause you ain't  
there.  
Dreaming that you'd even call.  
Cause all of the things I've said, baby I never meant.  
Wish I could take back them all.

Rehearsed it a thousand times, line after line.  
Replayed it in my mind.  
I should've said no, baby please don't go.

From the moment you left, I've been worried to death  
I never felt like this, since you've been gone (since  
you've been..).  
Since you've been gone (gone..).  
And baby I don't think I can make it through,  
everything reminds me of you.  
I don't know what I should do.  
Since you've been gone (since you've been gone..).  
Since you've been gone.  
Since you've been gone.

With your t-shirt on in our bed, wishing we were all in  
our bed.  
Making up like we should do.  
I will show you how sorry I am, over and over again.  
Give you what you're so used to.

Rehearsed it a thousand times, line after line.  
Replayed it in my mind.  
I should've said no, baby please don't go.

From the moment you left, I've been worried to death.  
I never felt like this, since you've been gone (since  
you've been..).  
Since you've been gone.  
And baby I don't think I can make it through,

everything reminds me of you.  
I don't know what I should do.  
Since you've been gone (since you've been gone..).  
Since you've been gone.  
Since you've been gone.

Just the thought of losing you,  
has me spinning out of control.  
And I'll be here, when you're ready baby.  
There's nowhere this love's gonna go.

From the moment you left, I've been worried to death.  
I never felt like this, since you've been gone (since  
you've been..).  
Since you've been gone.  
And baby I don't think I can make it through,  
everything reminds me of you.  
I don't know what I should do.  
Since you've been gone.  
Since you've been gone.  
Since you've been gone.

From the moment you left, I've been worried to death.  
I never felt like this, since you've been gone (since  
you've been..).  
Since you've been gone.  
And baby I don't think I can make it through,  
everything reminds me of you.  
I don't know what I should do.  
Since you've been gone.  
Since you've been gone.  
Since you've been gone.

Since you've been gone..
