Touchin' you where you wanna be touched
And kissin' you where I put my love
(You like that)
Make it grow, I wanna fill you up
Give you what you want till you've had enough

All I wanna do is love you, and touch you, I want you
We'll do the things that you want me to, I love, let me
show you
Here let me take all your clothes off, oh you're soft
Let me turn on, now let me put on some slow songs
And take off your thong girl come on

Let me take you to a place where there's no denying
Where we can do almost anything, temptation island
Let me take on all your fantasies, there's nothin' I'm not
tryin'
Come on and follow me to temptation island

Now that your laying here next to me, lookin' lovely,
wearin' nothing
Relax let me touch your body, you're so sexy, get ready
It's about to get real crazy, it'll be amazing, baby you'll
see
Tell me the secret thing you need, all your fantasies so
I can be

Let me take you to a place where there's no denying
Where we can do almost anything, temptation island
Let me take on all your fantasies, there's nothin' I'm not
tryin'
Come on and follow me to temptation island

Let me take you away to a special place of love, it's
okay
Give it to you till you get enough

Let me take you to a place where there's no denying
Where we can do almost anything, temptation island
Let me take on all your fantasies, there's nothin' I'm not
tryin'
Come on and follow me to temptation island
