The spring is my love,  
there is a spring rezzling in the trees,  
felt my heart was delighted, rebirth of all kind,  
sceneries which fulfill my soul,  
it will tranqually last forever in my mind

The wind, the birds, the love, the air,  
the breeze, the June, the spring in me  
the wind, the birds, the love, the air,  
the breeze, the June, the love in me  
The spring is my love

The wind, the birds, the love, the air,  
the breeze, the June, the spring in me  
the wind, the birds, the love, the air,  
the breeze, the June, the love in me
