I used to live my life just fast and free
And do as I fee-ee-eel
Right down to the bone I was a rollin' stone
Just wanna be free-ee-ee
But now I think it just might be a little more than slightly
Changin' my view-iew-iews
This is a far cry from what I've known
'Cause all I know, I want only to be with you
'Cause through and through, I'm just a freak for you
Nobody's made me want to stay this long
The way that you do
Turn your love on and I'm feelin' reborn
I always want you-ou-ou
Sometimes I feel like, hey no, this can't be right
This cannot be rea-ea-eal
I've seen love come and I've seen it go
But all I know, I want only to be with you
'Cause through and through, I'm just a freak for you
Oh yeah-eah-yeah-eah, only to be with you
'Cause through and through, girl I believe in you
I do, I love you
But sometimes I feel like, hey no, this can't be right
This cannot be rea-ea-eal
And I feel like I've seen the light
'Cause all I know that I want, only to be with you, oh-oh
'Cause through and through, I'm just a freak for you
Ooh-ooh-ooh-ooh, only to be with you
'Cause through and through, girl I believe in you
Ooh..., ooh-ooh-ooh-ooh-ooh-ooh
Do you know what I'm talkin' about
Make my world go rou-ou-ound
Go 'round (only), and 'round (only), and 'round, mmm
Only, only, only, only-only-only, yeah-eah
Only to be with you (only, only, only, only, only) ahh-
ahh-ahh
A freak for you (only, only, only, only) baby, baby, baby
Only to be with you (only, only, only, only)
Like you here baby, a freak for you baby (only, only,
only, only)
Only to be with you (only, only, only)
