I finally found myself
I tried to erase all this hate from my body
I tried to end all the lies, all the pain that I caused
everyone
But it all seemed so fucking useless

I can't forgive
And I can't forget
Don't you know who the fuck I am
I am the enemy(x4)

I have lived a life of regret
I have had this burden of guilt suffocating
It's time to shed this disguise
And it's time to rise and destroy
Everyone in my fucking path

I can't forgive
And I can't forget
Don't you know who the fuck I am
I am the enemy(x4)

Take a good look at me
I am your enemy

Don't try to make amends
There is no need to pretend it will all be ok
You can try to run and you can try to hide
But it's all fucking pointless

I can't forgive
And I can't forget
Don't you know who the fuck I am
I am the enemy(x4)
