(laugh)

yeah , its ya' boy. ashes baby
come on girl, turn me up
uhuh
let me talk to her

yeah girl you dont got to fear this
i know a lot is on your mind but you got to be fearless
and feel this, this is love at it's realest
and we all know you thinkin' like , i dont want to hear
this
yeah, but it seems to me
your afraid of everything that you seem to be
afraid of gettin' hurt feelin weary g'
but just give it a chance just to see what you mean to
me
easily, you let them feelin's take a hold of you
the mind like a tv let others take control of you
im a fool for you really don't know why i fall for you
but how you puttin' me on when you don't know what i
could offer you
it's the awful truth i must admit
she got me runnin' around like it was a trip
got me feelin' the blues like it was a crip
but i still got love baby girl legit, come on !

come to me, come to me
i just need you to come to me (x2)

emotions runnin' wild this is why i hate us
wishin i could stop and take a hiatus
i do it all for you im tryin' to get the cake up
she the girl of my dreams im tryin' not to wake up
i want you here i dont want to hear you got to go
hard to say goodbye so never say adios
im just hoping one day ill be yours
marilyn monroe meet your joe dimaggio
yeah girl you got me under a spell
from the way that you look to that scented smell
the designers the shades you keepin' it well
ain't no girl out that could top your skills

tell me whatever you about girl i won't tell
this is love and you would only know if you fell
you talkin' acres i could probably go and cop a field
this loves magical david copperfield

come to me, come to me
i just need you to come to me (x2)

come on come on, yeah
come on come on
mami just come to me
ashes young & gifted, yeah
