all the people think they know me  
they stuff their things all messy  
why do they think they're free to mess with me  
now i am so frustrated going gone and gone  
i took a pogostick to newyork city  
in the timesquare place  
i gotta meet the phillies  
while smile crossed my face  
there's a lot of noise going on when  
this sound comes so loud  
now i am happy rocking loud and loud

it's all in your tv  
i'm in backstage #3  
it's all in your mind  
it's me that you will find  
i know that  
it's here can't you see  
i'm rocking backstage #3  
it's me that you'll find

now i traveled down the ocean  
caressed down this train  
i skipped along through australia  
where i see tasmanian sea  
why am i going places to places  
when i'm suppose to be up your sun  
now i'm going on far gone

it's all in your tv  
i'm in backstage #3  
it's all in your mind  
it's me that you will find  
i know that  
it's here can't you see  
i'm rocking backstage #3  
it's me that you'll find

i was fine  
drank this wine  
i want to breakthrough

right now i'm  
wasting time  
cos i keep on mischeiving yeaah

it's all in your tv  
i'm in backstage #3  
it's all in your mind  
it's me that you will find  
i know that  
it's here can't you see  
i'm rocking backstage #3  
it's me that you'll find  
it's all in your tv  
i'm in backstage #3  
it's all in your mind  
it's me that you will find  
i know that  
it's here can't you see  
i'm rocking backstage #3  
it's me that you'll find

it's me that you'll find  
it's all in your mind  
it's all in your screen  
i'm rockin up backstage #3
