Looking through a mirror
who's the girl on my reflection?
Looking through the rain
who's that girl in pain?
Maybe I'm over
I'm undiscovered
Why am I leaving you
Why am I achieving you?

While the birds fly above
It could be hate or love
I can't regret everything here
All my eye sight
Is in the inside
Who am I
Take a low
My eyes cry
Where do I go?
Hold me through this night
tell me it'll be alright
All in my eye sight
in my eye sight

Looking through a circle
Will there be a miracle
I'm holding my breath while I dive in low
Fitting this together
It won't take forever
I'm stealing my heart just like the pain
I have by my side

While the birds fly above
It could be hate or love
I can't regret everything here
All my eye sight
Is in the inside
Who am I
Take a low
My eyes cry
Where do I go?
Hold me through this night

tell me it'll be alright
All in my eye sight
in my eye sight

Looking through a mirror
I don't see my reflection
Looking through a circle
There won't be a miracle
It's changing
It's burning
It's turning
Me all around
It's faking
It's taking
It's breaking
Me without a sound

While the birds fly above
It could be hate or love
I can't regret everything here
All my eye sight
Is in the inside
Who am I
Take a low
My eyes cry
Where do I go?
Hold me through this night
tell me it'll be alright
All in my eye sight
in my eye sight
While the birds fly above
It could be hate or love
I can't regret everything here
All my eye sight
Is in the inside
Who am I
Take a low
My eyes cry
Where do I go?
Hold me through this night
tell me it'll be alright
All in my eye sight
in my eye sight
