I never felt that way before
Inside and outside it's full of sore
I never say that word
On the outside I'm more than a girl
Guess I had it all
But now I'm gonna fall
Yeah

It's so much to me anyway
Every word is all said
I'm giving it all away
So much for my happy ending
And now it starts from beginning
Guess I'm giving it all away

I never missed any shots
It's a long way down
I never got any turns
I never hit the ground
Guess I need to stop
Cos I'm giving up
My life away
I need to memorize
And compromise
That I need a word to say

It's so much to me anyway
Every word is all said
I'm giving it all away
So much for my happy ending
And now it starts from beginning
Guess I'm giving it all away

I'm under control
I'm overall
I had everything to say
My life gives everything found
And sooner I'll hit the ground
And now I'm on my knees
My fingers starts to bleed

(guitar break)

It's so much to me anyway
Every word is all said
I'm giving it all away
So much for my happy ending
And now it starts from beginning
Guess I'm giving it all away
It's so much to me anyway
Every word is all said
I'm giving it all away
So much for my happy ending
And now it starts from beginning
Guess I'm giving it all away
