she stands on front of me
who does she think she is
she wears diamonds and earrings
she doesn't have any hearrings
i just stared
cos i don't care
while i demand why she's taking over
i feel the hateness all for her
yeah yeah yeah

she steps into this world
i don't want a lala girl
around
she says her words
i don't want a lala girl
around
hey why is she so perfect
why is she accepted
she's supposed to be hated
we don't want a lala girl
around

she sticks up her tounge up my stage
she's fallen down this page
she got me under my face
now i'm gonna make her feel
way down too unreal
so i will smack this loser
outta here

she steps into this world
i don't want a lala girl
around
she says her words
i don't want a lala girl
around
hey why is she so perfect
why is she accepted
she's supposed to be hated
we don't want a lala girl
around

i lay upon the star
she's been waiting in the dark
she's been losing cos i win
she doesn't want to grin
hey yea
now she's dancing gracefully
she thinks that she could be me
i already know
off i go
i don't think so
hey yea
hey yea
hey yea
hey yea
hey yea

she steps into this world
i don't want a lala girl
around
she says her words
i don't want a lala girl
around
hey why is she so perfect
why is she accepted
she's supposed to be hated
we don't want a lala girl
she steps into this world
i don't want a lala girl
around
she says her words
i don't want a lala girl
around
hey why is she so perfect
why is she accepted
she's supposed to be hated
we don't want a lala girl
around
