Don't ya come and tease her  
she wants to get it over  
don't ya try to kiss her  
she doesn't want to go on forever  
She needs some time being all alone  
she needs some time being the same  
she needs a time to work in her zone  
She just stares at that picture frame

Can't you leave her alone  
mind your own business  
wait til you're gone  
then she'll listen  
oh leave her lonely  
So don't make me  
come over  
just leave it alone

Don't ya dare make fun  
she only just begun  
Nobody's perfect  
She's just nervous  
She needs a little bit of thinking  
And her heart is sinking  
Without someone in  
So don't ya grin

Can't you leave her alone  
mind your own business  
wait til you're gone  
then she'll listen  
oh leave her lonely  
So don't make me  
come over  
just leave it alone

Don't ya dare  
don't ya dare  
She's just minding her own business  
don't ya dare  
don't ya dare

she just want to be famous  
Don't ya don't ya  
don't ya don't ya  
don't ya  
DON'T YA!

Can't you leave her alone  
mind your own business  
wait til you're gone  
then she'll listen  
oh leave her lonely  
So don't make me  
come over  
just leave it alone  
Can't you leave her alone  
mind your own business  
wait til you're gone  
then she'll listen  
oh leave her lonely  
So don't make me  
come over  
just leave it alone  
Can't you leave her alone  
mind your own business  
wait til you're gone  
then she'll listen  
oh leave her lonely  
So don't make me  
come over  
just leave it alone
