I tried to tell you
But you never listened
I tried to prove that it's true
But you don't mind my business
How are you gonna find out if I'm lying?
I'm giving up, I kept on trying

You used to take away my tears
And you used to keep me from my fears
I'm hoping that it will go on forever
But it's over
Yeah it's over now
We used to hold hands through the cold
But now it feels like it's not same old
I'm hoping we'll be together
But I guess it's just over

I tried to let you know
When the last time I did not go
I was afraid to show up
But now I'm not scared
I tried to hug you
to make you feel better
But you moved the other way
I don't know what I can say
I'm useless without you
I want to surround you
But you moved very far away

You used to take away my tears
And you used to keep me from my fears
I'm hoping that it will go on forever
But it's over
Yeah it's over now
We used to hold hands through the cold
But now it feels like it's not same old
I'm hoping we'll be together
But I guess it's just over

Stop just listen to me
(listen to me)

Go with me
(with me)
I'm guessing that it's not that the same
I don't have anything to blame
I just want to be with you
But I guess it's over
Oh yeah it's really over

(guitar break)

You used to take away my tears
And you used to keep me from my fears
I'm hoping that it will go on forever
But it's over
Yeah it's over now
We used to hold hands through the cold
But now it feels like it's not same old
I'm hoping we'll be together
But I guess it's just over
You used to take away my tears
And you used to keep me from my fears
I'm hoping that it will go on forever
But it's over
Yeah it's over now
We used to hold hands through the cold
But now it feels like it's not same old
I'm hoping we'll be together
But I guess it's just over
