I brought his armors by his side
saving the world with this pride
He is alone against the enemy
he's from the revolutionary

I might forget him now
but one day he's going out
with me with me
Together we live happily
but wasted his time with revolutionary
I want him here
so he can watch over me

With this camouflouge
trying to work this out
all this pieces
are just nothing but lone
and I am on my own
my memories are bursting out
cos he means so much now
I just stared at the tv screen
when I found that armies of US
flew away away away

I might forget him now
but one day he's going out
with me with me
Together we live happily
but wasted his time with revolutionary
I want him here
so he can watch over me

Oh yeah
oh yeah
I'm not this ready of losing him
Oh yeah
oh yeaah
What should I do
There's nothing but upto me
Guess I'm caring free
God set him free

He means so much to me
I love him and he's the only one
who doesn't treat me like I'm all alone
maybe I will forget this memories
this memories

I might forget him now
but one day he's going out
with me with me
Together we live happily
but wasted his time with revolutionary
I want him here
so he can watch over me
I might forget him now
but one day he's going out
with me with me
Together we live happily
but wasted his time with revolutionary
I want him here
so he can watch over me
