He's just a nerd
we all heard
he doesn't know anyway
She's just a freak
her diapers leak
this isn't her day
But one day they listen to me
rocking the billboards of MTV
They brought tickets for my show
and off they go

I am the superstar
I play it with my guitar
That's the thing they have to know
I've been in this studio
singing this rodeo
She's just jealous of my rock show

She's moving around
she sits at home
She's letting me know all alone
But he's just for me
He's not a freak
So why can't I bring her down
Maybe I will
maybe I might not
She's showing off like she's so hot
but all of her friends booed to her face
she has lotta time to waste

I am the superstar
I play it with my guitar
That's the thing they have to know
I've been in this studio
singing this rodeo
She's just jealous of my rock show

Sorry girl but he's mine now
Guess your luck is running out
you guys aren't more than friends
is this how my ending ends

Guess he is really for me
I knew that we're meant to be
he is more than a good guy
he might come off really shy

I am the superstar
I play it with my guitar
That's the thing they have to know
I've been in this studio
singing this rodeo
She's just jealous of my rock show
I am the superstar
I play it with my guitar
That's the thing they have to know
I've been in this studio
singing this rodeo
She's just jealous of my rock show
