[I want you to meet me  
and die]  
sometimes I feel so dark  
sometimes I don't feel don't have a heart  
sometimes I speak so deep  
sometimes I have heavy feet  
but when you know me  
it'll show me  
then you tow me  
maybe or maybe

Hey you  
looking right at me  
what're you to do  
we're not meant to be  
I said  
let me figure this one out  
before I fall before I shout  
You need to know if it seems  
and scream

[you want to meet me in this haunted house  
then try]  
oh maybe I'll bring  
something that it might  
interest you out  
i need to fall down  
and scream around  
Halloween is coming don't make a sound  
there's a head inside your closet  
there's a lot of blood inside your covers  
and I am with an axe ready to freak you

Hey you  
looking right at me  
what're you to do  
we're not meant to be  
I said  
let me figure this one out  
before I fall before I shout  
You need to know if it seems

and scream

hey let me go  
wanna know me so  
I am the girl of the darkness  
I'm the one who spells  
from the one who tells you  
before I know you  
I gotta show you

Hey you  
looking right at me  
what're you to do  
we're not meant to be  
I said  
let me figure this one out  
before I fall before I shout  
You need to know if it seems  
and scream  
Hey you  
looking right at me  
what're you to do  
we're not meant to be  
I said  
let me figure this one out  
before I fall before I shout  
You need to know if it seems  
and scream
